Employment outcomes for Registered Apprenticeship

Metric Definition

Increase number of successful employment opportunities for Registered Apprenticeship.

Goal Met	Current	Previous	Target	Trend
×	3,096	2,751	3,104	†

Reporting Cycle

YTD Quarterly (July 1, 2016 -September 30, 2017)

Additional Details

A new apprentice enters full-time, permanent employment on day one and gains expertise through a structured system of paid on-thejob training for the skilled occupation, combined with related classroom instruction. Because RA cannot exist without a real job, new apprenticeships typically follow the seasonal hiring trends of the economy. Growth can also be achieved through dedicated outreach efforts and/or expansion into new occupations and industries.

Current performance is the year to date apprenticeship contracts during the quarter. Previous is the same year to date quarter last year. Goal is to increase the number of completions in the current quarter compared to the five-year average (Target). Trend is based on the quarterly number of active apprentices over the past 5 years.

Employment outcomes for serving people with disabilities

Metric Definition

Increase the number of successful employment opportunities for serving people with disabilities.

Goal Met	Current	Previous	Target	Trend
*	928	1,019	988	+

Reporting Cycle

Quarterly (July 1, 2017 - September 30, 2017)

Additional Details

An increase of successful employment opportunities leads to the closure of DWD's Division of Vocational Rehabilitation (DVR) caseloads due to consumers reaching their employment goals. The employment goal is created and agreed upon jointly by the consumer and a DVR counselor to meet the goals to be reached by the consumer. To learn more about DVR services for consumers, visit https://dwd.wisconsin.gov/dvr/. Annual targets for employment goals for DVR are established with the U.S. Department of Education Rehabilitation Services Administration (RSA) for each program year. In federal fiscal year 2016, ending 9/30/16, DVR adjusted its employment outcome goal to 3920 successful placements, relative to new Workforce Innovation and Opportunity Act (WIOA) regulations which changed service outcomes and priorities for DVR. The program surpassed the 2016 goal, achieving a total of 4,616. The new outcome goal for federal fiscal year 2017, beginning 10/1/16, has been established at 3950 successful placements.

Increased participation by employers for Registered Apprenticeship

Metric Definition

Increased participation by employers for Registered Apprenticeship.

Goal Met	Current	Previous	Target	Trend
>	2,648	2,309	2,602	1

Reporting Cycle

Quarterly (July 1, 2017 - September 30, 2017)

Department of Workforce Development (DWD) Agency Dashboard Performance Q1 FY18

Additional Details

DWD's Bureau of Apprenticeship Standards (BAS) conducts outreach to increase RA awareness and participation, and helps employers establish their registered on-the-job training structure and related classroom instruction. In the construction industry, employers work through a Local Apprenticeship Trade Committee, which sponsors the program.

Current performance is the number of employers with active apprenticeship contracts during the quarter. Previous is the same quarter last year. Target is based on the expected quarterly average increase employer participation over the previous year. Trend is based on employer participation over a 5 year period. Fluctuations in the number of employers participating is dependent upon the state of the economy and the mix of trades being served.

Q1 FY18

Increase the # of apprentices issued completion certificates

Metric Definition

Increase the # of apprentices to complete completion certificates issued (journey worker status).

Goal Met	Current	Previous	Target	Trend
1	1,342	1,216	1,277	†

Reporting Cycle

YTD Quarterly (July 1, 2016 -September 30, 2017)

Additional Details

Increase of apprenticeship wages

Metric Definition

Increase of wages from start of apprenticeship to the completion of obtaining Journey Worker status.

Goal Met	Current	Previous	Target	Trend
~	83%	70%	60%	†

Reporting Cycle

Quarterly (July 1, 2017 - September 30, 2017)

Additional Details

Goal is to ensure the <u>apprentice</u> wage, during the apprenticeship, averages at least 60 percent (target) of the skilled rate for the industry in which the apprentice is receiving the credential. An apprentice's wage will increase during the apprenticeship, commensurate with increasing attainment of skill and knowledge.

Current performance is based on the average completion wage (\$31.77) increase over the starting wage (\$17.38). Previous performance is based on last quarter's average starting and ending wage. Trend is based on consistent performance over a four-year period.

Q1 FY18

Increased participation by employers in Youth Apprenticeship

Metric Definition

Increased participation by employers in Youth Apprenticeship (YA).

Goal Met	Current	Previous	Target	Trend
~	1,702	2,534	2,450	+

Reporting Cycle

YTD Quarterly (July 1, 2016 - June 30, 2017)

Additional Details

Youth Apprenticeship (YA) employers are considered active when they have a YA student employed at their place of business. Employers may drop off the active list when their YA student completes the program. If they agree to train another, they will be reflected as active when they are affiliated with another registered youth apprentice. Some students will elect to be in a YA program for two years by pursuing an additional pathway typically within the same career cluster. Previous is calculated year by year. Target is based on expected number of employers participating in the current school year.

Increase # of students participating in Youth Apprenticeship

Metric Definition

Increase number of students participating in Youth Apprenticeship (YA).

Goal Met	Current	Previous	Target	Trend
*	2,286	3,556	3,500	1

Reporting Cycle

YTD Quarterly (July 1, 2016 - June 30, 2017)

Additional Details

Youth Apprentices are high school juniors and seniors. Their activity in the program coincides with the public school year (September – May/June). DWD awards YA grants and program approval to operate a YA program using a fiscal year of July 1 – June 30, to coincide with the state general purpose revenue funding cycle. This also aligns with the public school year.

Programs are operated in a one-year cycle (450 hours) or two-year cycle (900 hours). Some students will elect to be in a YA program for a second year (Level 2) by pursuing an additional pathway typically within the same career cluster. Previous is calculated year by year. Target is based on projected enrollment for the current school year.

Percentage of UI claimants registering on JobCenterofWisconsin.com

Metric Definition

Percentage of UI claimants registering on <u>JobCenterofWisconsin.com</u>.

Goal Met	Current	Previous	Target	Trend
×	97.9%	97.9%	100.0%	1

Reporting Cycle

Quarterly (July 1, 2017 - September 30, 2017)

Department of Workforce Development (DWD) Agency Dashboard Performance Q1 FY18 Additional Details DWD strives to achieve 100% compliance for UI claimants to register on JobCenterofWisconsin.com as part of their continued effort to obtain employment. To register and search for employment, visit jobcenterofwisconsin.com

Reform and Innovation

Amount of time on Unemployment Insurance (UI)

Metric Definition

Decrease the time of <u>Unemployment Insurance</u> claims for claimants receiving Re-Employment Services (RES) as a condition to receive UI benefits

Goal Met	Current	Previous**	Target	Trend
N/A	18.7	18.4	N/A	+

Reporting Cycle

Quarterly (July 1, 2017 - September 30, 2017)

Additional Details

DWD's goal is to assist a UI claimant to move to employment as soon as possible. DWD has implemented Re-employment strategies to assist with resources and training to be utilized.

^{**} Due to Federal DOL changes to the RES Program the Previous was recalculated to ensure consistent comparison.

Efficient and Effective Services

Percentage of Unemployment Insurance claims completed online

Metric Definition

Percentage of Unemployment Insurance claims completed online

Goal Met	Current	Previous	Target	Trend
>	92%	79%	50%	+

Reporting Cycle

Quarterly (July 1, 2017 - September 30, 2017)

Additional Details

In response to customer service trends toward the adding of online-based services, DWD has moved to a UI claim filing system that is customer friendly and a self-service model. UI claimants have the ability to file their claims online, at their convenience, to obtain their benefits.

Duration of investigation for Equal Rights cases

Metric Definition

Reduce the percentage of Equal Rights cases pending or under investigation for more than 180 days

Goal Met	Current	Previous	Target	Trend
~	8.2%	3.8%	25%	1

Reporting Cycle

Quarterly (July 1, 2017 - September 30, 2017)

Additional Details

DWD's <u>Division of Equal Rights</u> aims to protect the rights of all people in Wisconsin under the civil rights and labor standards laws. Because the division receives complaints from Wisconsin residents regarding civil rights or labor standards issues, cases can be complex, and take greater than 180 days to conclude the proper investigation. DWD strives to maintain a goal of closing each civil rights cases within 180 days.

Q1 FY18

Workers Compensation insurance payments

Metric Definition

Insurers and self-insurers must mail at least 80% of first compensation payments to injured employees within 14 days or less from the date of injury or last day worked.

Goal Met	Current	Previous	Target	Trend
>	81%	82%	80%	1

Reporting Cycle

Quarterly (July 1, 2017 - September 30, 2017)

Additional Details

The Worker's Compensation Act provides for payment of reasonable medical expenses and compensation for lost wages resulting from work-related injuries or disabilities. These benefits are the responsibility of the self-insured employers or the employer's worker's compensation insurance carrier. Under DWD 80.02(3)(a), the timely first indemnity payment to the injured employee is a performance standard insurers and self-insurers must meet 80 percent of the time. On a quarterly basis DWD monitors, evaluates and enforces compliance of this performance standard.

Timely first indemnity payments are a key component of an injured employee's satisfaction with the Worker's Compensation system. Satisfaction with the system helps ensure low litigation rates, which in turn keeps costs down for the system's stakeholders. DWD's quarterly monitoring of this key component saves money for the worker's compensation system.

Customer/Taxpayer Satisfaction

Reduce Unemployment Insurance overpayments due to fraud

Metric Definition

Reduce amount of overpayment due to fraud.

Goal Met	Current	Previous	Target	Trend
>	1.139%	1.215%	2.171%	†

Reporting Cycle

Quarterly (July 1, 2017 - September 30, 2017)

Additional Details

Decreasing the amount of <u>overpayment due to fraud benefits employers</u>, as recovered payments are charged to the UI Trust Fund balance. This lowers the yearly employer rate.
